Ten Thousand Dollars Reward

is hereby offered in good faith, and will be promptly paid by Goodwin & Co., for proof of the charge that poisonous compounds of any description are used in the manufacture of

Old Judge Cigarettes

they are

Absolutely Pure.

The allegations recently made by a Chicago newspaper, to the effect that the presence of Opium or other dangerous Narcotics had been revealed by a chemical analysis of these cigarettes, are at once

Baseless and Base.

The supremacy of this Brand in the markets of the world, is explained by the fact that its manufacturers have scrupulously refrained from the use of any ingredients which would rob their cigarettes of the

Perfect Purity

to which they owe their great popularity.

In any attempt to impeach this statement, Goodwin & Co. will not only willingly participate, but will do their utmost, at their own expense, to facilitate the

Most Rigid Tests.

The operations of this house, whose business for years has extended to all parts of the civilized globe have been, and are, conducted on a scale never obtained by ulterior methods, or the application of any but the strictest, and most honorable business principles.

Knowing that nothing but the most

Sweeping Refutation

can be the result of any competent analysis, Goodwin & Co. challenge crucial expert examination, confidently staking on the issue their reputation and Ten thousand dollars.

We shall publish, in a few days, the reports of some of the most eminent analytical chemists of Chicago, who are at work making the most thorough and exhaustive tests from Old Judge Cigarettes purchased by them in open market.
